

Southern ♦ New England Stumpage Price Report. ♦ ♦ 2<sup>nd</sup> Quarter 2008.

Comments:

- No purchase of stumpage for period. Market trends poor.
- Firewood market is booming! Log prices still down hardwood & softwood
- Firewood is booming. Saw timber prices are still in a depression
- No prices to report ♦ have held off on three sales for various reasons, especially market scenario ♦ .and many loggers still too tied up. Have heard some mills may finally be needing to buy up some white pine again ♦ one hears loggers lamenting the price of diesel has been affecting their choice in running a skidder vs. their mechanized monsters more often these past several months, not surprisingly.
- Pine/Graded. Fuel! Repair costs? Got to do ♦ repairs ♦ yourself.
- Very few bidding
- What ♦ s up with tulip average?
- Firewood market is hot. Hardwood lumber continues decline in demand.
